Eileen & Frank is a novel luxury-class modular shelf system designed for AANDRES by Andy Andresen. A modern shelf unit with classical characteristics, Eileen & Frank consists of perfectly assimilated individual elements. Due to a combination of ideally-aligned components, the system provides a broad variety of possible combinations and can be easily assembled.

Have you ever lost your race with time doing visualizations? Have you ever been embarrassed of unfinished renders, spending all night on the modeling process, instead of rendering? If you are an architect, and if you need to work fast but with highest precision, this is the thing for you.

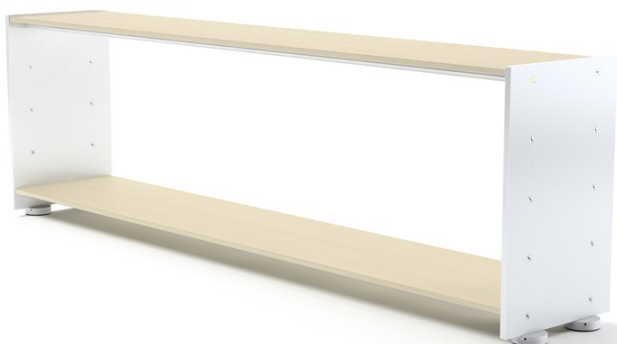

Archmodels volume 80 gives you over 170 professional, highly detailed objects of AAndres furniture for architectural visualizations. Why waste costly time for making something that you can have from the best at Evermotion?
